Invitation

You are cordially invited to...

A Safety Information Day

At The Old Deanery Cottages, Ferns, Co. Wexford

16th May 2013, 10am

Wexford Wood Producers Ltd was created in October 2012 to support wood producers in County Wexford with the development of their forestry and the delivery of timber products in the region. With 55 members currently and with more than 300 potential timber growers in County Wexford, the organisation aims to build the capacity of members through Information days and training; coordinated timber harvesting and collaborative marketing of products.

Many members have raised concerns regarding best practice forestry operations, expectations of various agencies for safety precautions and insurance cover for forestry and related operations. The various stakeholders agreed to come together to share expectations and best practice towards an agreed strategy for the future.

AGENDA

10:00	Training and examples of best practice	- Frances McHugh, Teagasc
10:30	Site & Risk Assessment	- Kevin Birchall, Tree Care Ireland
10:45	Site access from a Contractor's perspective	- Kenneth Worrell, Worrell Harvesting
11:00	<i>Tea & Coffee</i>	
11:15	The Health & Safety Authority expectations	- Tommy O'Sullivan, Health & Safety Authority
